

Cont. pH/TDS/temp Monitor (Special Order)

Model: hf-HI9815045

Cont. pH/TDS/temp Monitor (Special Order)

Manufacturer: Hanna Instruments

Hanna Instruments Cont. pH/TDS/temp Monitor (HI9815045) Designed for continuous monitoring of pH, TDS, and temperature, the monitor is simple to install and can be placed above the sample to be tested. pH, TDS, and temperature measurements are simultaneously displayed on three backlit LCDs which can be easily viewed at a distance - even in low light. No more switching between parameters.

Users can easily select the temperature unit (°C or °F) on the back panel.

The gel-filled pH electrode is provided with a waterproof sleeve to protect the BNC connector. The unique design of the electrode provides longer life in aggressive solutions. The TDS probe is easy to clean and requires little maintenance. Measurements are accurate and the meter can be calibrated at one or two points for pH and at a single point for TDS. Temperature is factory calibrated.

FEATURES

Simultaneous display of pH, TDS, and temperature

Continuous measurements

Measure in °C or °F

Three backlit displays

Includes pH electrode, TDS probe (fixed), temperature probe (fixed), pH 4.01 buffer solution sachet, pH 7.01 buffer solution sachet, 1382 ppm calibration solution sachet, electrode cleaning solution sachet (2), screwdriver, 12 VDC adapter, and instructions
