CYTOPLUS 300 GRAMS 12/CS

Model: 719765

CYTOPLUS 300 GRAMS 12/CS

Manufacturer: BioAg

BioAg Cytoplus

A combination of soluble seaweed extract, HumiSolve and seven micronutrients required for plant growth. Applied as a foliar spray on fruit, flowers and vegetables just prior to bloom or bud stage, it will enhance flowering and fruit set quality, quantity and retention. It will also provide greater nitrogen uptake resulting in a lush, dark green color and a healthier root system from increased photosynthesis. Cytoplus can also be applied to plants during the growing season to quickly correct micronutrient deficiencies and improve overall plant health. Provides a large profile of essential and rare elements; as well as phytostimulants in small quantities. Cytoplus is a soluble, dry powdered concentrate.
