

Dark Green IQ w/ Side Shields

Model: hf-GGIQDG3

Dark Green IQ w/ Side Shields

Manufacturer: HydroFarm

Growgles Dark Green IQ w/ Side Shields (GGIQDG3) Growgles offers glasses specifically designed to remove sodium glare (red/orange) and protect the eye from UV and IR emitted by HPS lighting allowing the grower to see their plants again for the first time. Lenses made from amethyst crystal.

Blue/Green Growgles: for garden maintenance and observation, not to be used to look directly at HID bulbs.

Dark Green Growgles: for garden and equipment maintenance, can be used to look directly at HID bulbs. More pure, denser crystal.

Growgles are available in two different frames; the larger "Heavy" frames are designed to protect the eye from the front and sides and can fit over the grower's eye glasses or are worn comfortably by themselves.

The "Q's" are a more economical frame designed to protect the eye from the front and include removable side shields to protect the eye from the side.

Includes protective sleeve and strap.

Wear Growgles, because your eyes are worth it!
