## Daystar AC Reflector - 6

Model: hf-DA6AC

Daystar AC Reflector - 6

Manufacturer: HydroFarm

Daystar Daystar AC Reflector - 6 (DA6AC)The Daystar AC is the answer for those wanting high performance coupled with maximum air cooling potential. Utilizing the same patented double wall design and reflective material as our flagship Daystar unit, the "AC" adds two 6" built-on flanges for cooling air flow from an optional fan. The 6" diameter encompasses most of the tunnel-like interior ensuring more complete air flow than common air cooled units. This combination allows for closer plant placement plus better growth, and improved ability to control growing area temperatures.

Same incredible light delivery as the Daystar

Plus 6" flanges for straight through fan-powered supercooling capability

Built in socket and 15' lamp cord for quicker, easier installation; no extra cord set required

Excellent in hotter growing areas

Cooling allows closer-to-plant positioning for best results

Enclosed wire channel protects wiring

Improved fully sealed tempered glass lens included, along with hangers and lighting recommendations

CSA certified

Reflector Size: 7-3/8"H x 12-1/2"W x 22-1/2"L Accepts: Sodium 250, 400, 430, 600, 750, 1000 - Halide 250, 400, 600, 1000

Manufacturer's Product Information

MSRP each \$169.95

UPC638104000956

Dimensions12.9 x 1.1 x 19.69
