Manufacturer: HydroFarm

EnviroGro Desktop Plant Light w/ 27w CFL (FLF27D)Hydrofarm's desktop plant light offers illumination and versatility for indoor growing. The lamp has a flexible neck and adjustable height to provide clean and balanced light that works for seed starting, small potted plants or even as a reading lamp. No matter the use, Hydrofarm's desktop lamp provides energy efficient, flicker-free performance that will be good for your plants for years to come.

THE DAYLIGHT BALANCED fluorescent bulb is one of the wonders of our modern technology and does a nice job of lighting. This continuous output light source outputs a continuous spectrum of light that closely mimics the visible spectral output of the sun. As light bulbs go, these operate with very little heat.
