

## Double Poly Cold Frame

Model: CFDB

Double Poly Cold Frame

Manufacturer: Halls

Cold Frames

Halls cold frames are economical alternatives to greenhouses. Both models are glazed with polypropylene, which allows 70% light transmission and is warranted for 5 years. Each model has hinged sliding vents and comes with 4 stakes for anchoring to the ground.

Double Cold Frame

4 hinged vents

48" long, 39" wide, 16" high, (back) and 12" high (front)

The cold frames have been slightly 'remodeled' -- same size and basic design as before, but with the following changes: (1) Polycarbonate panels (clear) instead of polypropylene (milky white); (2) 75% per-assembled so they go together very quickly; (3) Slightly lighter weight frame

MSRP: \$159.99

MSRP: \$159.99

**Price: \$88.76**
