## ECO-NEREO KELP QUARTS 12/CS

Model: 723820

ECO-NEREO KELP QUARTS 12/CS

Manufacturer: -

Eco-Nutrients Eco-Nereo Kelp

Eco-Nereo

is a biologically active liquid auxiliary soil and plant substance applied to soil, plants, or seeds for the purpose of soil correction and to improve germination, growth, yield, product quality, reproduction, flavor, color, or other desirable plant characteristics. This product is used primarily as a foliar. It enhances plants development, color, fruiting and flowering, and overall plant vigor. A strong plant, in return will be able to fight off pests and diseases.

**Price: \$14.27**
