

Ecoscraps Organic Moisture Retaining Garden Soil, 1.5 cf

Model: hf-EOS1002

Ecoscraps Organic Moisture Retaining Garden Soil, 1.5 cf

Manufacturer: HydroFarm

Fruit and vegetables plants grow and take in nutrients that they need, then release back those nutrients when they decompose. Ecoscraps Garden Soil is derived from a unique blend of fruits and vegetables. A garden soil for all types of plants and garden applications! It is far superior to topsoil with its scientific and exclusive blend of 100% organic ingredients, forest products and Ecoscraps compost. Use when preparing soil in outdoor gardens and landscape beds. OMRI listed.
