EHEIM UNIVERSAL 1048 PUMP 10W

Model: 729685

EHEIM UNIVERSAL 1048 PUMP 10W

Manufacturer: EHEIM

Eheim Universal Pumps

EHEIM universal pumps offer a large power spectrum and versatile uses. They also feature outstanding continuous operation characteristics. As for the power the choice is yours: 300 - 3400 l/h meet every requirement. EHEIM offers 2 variants respectively with a cable length of 1.7 m or 10 m.

Universal pumps are therefore used frequently in professional applications, e.g. in breeding units and zoos.

Universal pumps are designed for use in/under water as well as for powerful use outside.

All universal pumps have a hermetically sealed motor body. That guarantees maximum safety.

The integrated pre-filter prevents objects from entering the impeller and ensures long performance.

The inlet connector is designed for safe hose connection.

The pressure connector enables the use of interesting accessories such as installation SET 2.

The supplied assembly plate enables different assembly options.
