

Electrolyte Solution

Model: hf-HI7071

Electrolyte Solution

Manufacturer: Hanna Instruments

Hanna Instruments Electrolyte Solution (HI7071) Check your refillable electrolyte level before performing any measurements. If the level is low, refill with the proper electrolyte solution to ensure the correct electrode performance. This simple maintenance helps guarantee the efficiency and precision of your refillable electrodes. These electrolyte solutions are also available in FDA-compliant bottles.

Manufacturer's Product Information

MSRP each \$60.95

Dimensions 1.4 x 6 x 1.4

Case Quantity 4
