ELICENT INLINE FAN 8" 636 CFM

Model: 736765

ELICENT INLINE FAN 8" 636 CFM

Manufacturer: elicent

Elicent Inline Fans

Suitable for domestic, commercial or industrial applications.

High performances and pressure to overcome the resistance caused by long length ducting.

Heavy-gauge, spun steel housing with baked epoxy finish inside and outside.

External junction box contains connections.

Backward curved blades to ensure the lowest possible sound and to develop ample static pressure.

Durable external rotor motor provided with thermal reset overload protection.

Ball bearing motor, permanently lubricated for maintenance-free operation and continuous running.

Fan and motor assembly balanced for quiet and vibration-free operation.

Variable speed controllable.

Price: \$170.41
