Eliminator Level Controller - Float Kit for Eliminator Systems

Model: hf-EL40060

Eliminator Level Controller - Float Kit for Eliminator Systems

Manufacturer: HydroFarm

SpectraPure (R.O. Filters) Eliminator Level Controller - Float Kit for Eliminator Systems (EL40060) Purified water grows healthier, more beautiful, and longer-lasting plants over ordinary tap water. Your plants will flourish with our "better-than-rain" quality water. SpectraPure manufactures a wide range of the highest quality water purification equipment available. Benefits of Reverse Osmosis Water

Maximizes nutrient uptake for faster growth and greater yields

Eliminates harmful mineral build-up which damages delicate root hairs

Stabilizes pH of recirculating rockwool, NFT, and Ebb & Flow hydroponic systems

Ultra-high rejection TFC membrane eliminates up to 99% of harmful minerals, fluorides, chlorides, alkalinity, heavy metals, agricultural and industrial pollutants, chloramine, PCBs, MTBE, and arsenic
