Europonic Grow A, 1 gal

Model: hf-HDEGRAGAL

Europonic Grow A, 1 gal

Manufacturer: HydroDynamics International

EUROPONIC® GROW is designed to maximize the plants genetic potential and produce vigorous vegetative growth. For 30 years growers throughout Europe have used EUROPONIC® Nutrients. Originally created by seed merchants in Holland, its formulation has been continually modified and improved in the light of new information and growing experience. EUROPONIC® Nutrients are balanced and complete. Unlike the competition, EUROPONIC® contains a full profile of essential minerals including Cobalt and Nickel, that are needed by all plants for healthy, robust growth.

Price: \$27.62
