## Fan Speed Adjuster

Model: eco-5734E

Fan Speed Adjuster

Manufacturer: HydroFarm

Fan Speed Adjuster (eco-5734E) Duct Fan Speed Adjuster

Active Air Fan Speed Adjuster

Hydrofarm's Fan Speed Controller was designed especially for centrifugal fans. This means it will help prevent damage to fan motors, ensuring longer life for the motor. It will correctly and precisely adjust the speed of centrifugal fans without causing the motor to hum. These controllers are more sensitive than any on the market, and are compact and built to last.

Hydrofarm's Fan Speed Controller was designed especially for centrifugal fans. This means it will help prevent damage to fan motors, ensuring longer life. (Meant for use with permanent split capacitor type motors, all Hydrofarm inline fans, and Active Air booster fans.)

It will correctly and precisely adjust the speed of centrifugal fans without causing the motor to hum. These controllers are more sensitive than any on the market, and are compact and built to last.

Features

Internal, electronic auto-resetting circuit breaker

State-of-the-art electronics throughout

Rated for 15 amps

120VAC voltage capacity

1-year warranty

NOW IN FULL COLOR PACKAGING!

NOTE: Not recommended for use with non-Hydrofarm or non-Active Air fans or the 12" Max Fan (use speed controller CFH0350290 for the 12" Max Fan.)
