Manufacturer: General Hydroponics

FloraBlend - Gallon (4/cs) (eco-2833) Flora Blend-Vegan Compost Tea 0.5-1-1. 1 gallon

These highly soluble organic compounds increase and promote healthy root structures, build the plants immune system and provide carbon building blocks for plant processes responsible for color and flavor of fruits and vegetables.

FloraBlend is a vegan product and contains no animal derived ingredients.

FloraBlend is a completely digested ferment, which translates into a very stable product and long or indefinite shelf life.

FloraBlend is very clean product that can be utilized in all hydroponic systems.

FloraBlend is a compost tea that is fermented from a proprietary blend of plant materials, plus seaweed, rock powders and micronized leonardite .

FloraBlend

General Hydroponics FloraBlend - FloraBlend is an organic compost tea that increases and promotes healthy roots, builds the immune system and provides carbon building blocks for plant processes responsible for color and flavor of fruits and vegetables.
