Model: hf-FFLEX073

FloraFlex Short Rocket 60 deg 2 GPH, Pack of 6

Manufacturer: FloraFlex

FloraFlex™ Short Rocket Drippers (3" Length) have rocket wings to add stability inside of the media. FloraFlex™ drippers are all strategically designed to be a Subsurface Drip System with water and nutrients delivered straight to the root zone of your plants. Water and nutrients travel down a 2 GPH torturous path, the drops then fall 3/4" below the surface dispensing out of the three slots at its bottom. Use with a Drip Shield or as a standalone dripper in your medium. Eliminates algae by keeping the surface dry.
