Model: eco-2807

Floralicious Grow - Gallon (4/cs)

Manufacturer: General Hydroponics

Floralicious Grow - Gallon (4/cs) (eco-2807) Floralicious Grow 1 gallon

FLORALICIOUS GROW: Enhances metabolic activities and nutrient assimilation that results in more vigorous growth. Builds the foundation of root and leaf mass needed for superior harvests.

Made from a highly concentrated blend of bioactive microbial, plant, marine plants, and mineral extracts. Guided by the latest scientific findings, our unique fermentation process creates a potent blend of phytostimulants and biometabolic precursors that enables Floralicious to bring out your plants' full genetic potential. Floralicious augments metabolic activity in the root zone, stimulates Krebs cycle metabolism, and facilitates mineral transport and bioconversion. In addition, Floralicious enhances polyamine synthesis and encourages the biosynthesis of complex secondary aromatic compounds. Floralicious contains a perfect balance of vitamins, phytohormones, humic acids, polysaccharides, fructans, beta-glucans, L-amino acids, and polyflavonoids. Floralicious leads to hydroponics with flavor and incredible yields!

Floralicious

General Hydroponics Floralicious - The Ultimate Organic Nutrient additive. Grow enhances metabolic activities and nutrient assimilation resulting in lush, greener, more vigorous growth. Bloom promotes maximum flower size and fruit swelling for heavier yields.

SKU: GH1373

Weight: 9.8 lbs.

Package Dimensions: 6.0L x 5.9W x 11.7H

Suggested Retail: \$80.50
