GH FLORA NECTAR BANANA BLISS GALLON

Model: 732197

GH FLORA NECTAR BANANA BLISS GALLON

Manufacturer: General Hydroponics

FloraNectar BananaBliss 0-0-1

FloraNectar FruitnFusion, PineappleRush and now BananaBliss contain all natural raw cane sugar, molasses, malt syrup, select plant based esters, L-amino acids, organic acids, polyflavonoids, vitamins and essential minerals.

This unique blend of ingredients helps your plants regulate enzymes that trigger specific reactions involved in maintaining optimal metabolism. This allows your plants to achieve a balance between respiration and photosynthesis in high intensity growing environments where the rate of respiration can sometimes exceed the rate of photosynthesis.

As a result, all three versions ensure optimal metabolic rates during the flowering and fruiting phase when nitrogen levels have been reduced.

They also promote a sturdier plant structure during the vegetative phase when high levels of nitrogen are present.

All three varieties fulfill the additional energy requirements of your plants throughout all phases of growth and during stressful times of transition.
