GH RapidStart 500ml (12/Cs)

Model: 726860

GH RapidStart 500ml (12/Cs)

Manufacturer: General Hydroponics

RapidStartGH RapidStart 500ml (12/Cs) (726860) Rapidstart enhances your growing experience by delivering a powerful blend of premium plant extracts, amino acids, and nutrients generating explosive root growth. Using Rapidstart stimulates prolific root branching and development of fine root hairs that increase nutrient uptake and grow healthier, whiter roots. Using Rapidstart will make your plants explode! Use during the entire growing cycle in all types of growing media, including coco. Rapidstart, strong finish; bigger is always better!
