Green Pad Jr CO2 Generator, Contains 10 Pads

Model: hf-GP6010

Green Pad Jr CO2 Generator, Contains 10 Pads

Manufacturer: HydroFarm

The original Green Pad, "Hang, Spray, and Walk Away", is now available in a miniature size. The Green Pad Jr. is the first Co2 supplement made specifically for your seedlings or clones.

The Green Pad Jr. is even easier to use than the original Green Pad! Simply roll the Green Pad Jr. up and put it into one of your tray's holes and you're done!

Price: \$9.51
