

GroChek Hanna EC/TDS Monitor w/ HI7632 EC Probe

Model: hf-HI983301N

GroChek Hanna EC/TDS Monitor w/ HI7632 EC Probe

Manufacturer: Hanna Instruments

Hanna Instruments GroChek Hanna EC/TDS Monitor w/ HI7632 EC Probe (HI983301N) Waterproof and chemically resistant, this monitor has been designed to meet the grower's need for equipment suited to the aggressive environments found in agricultural and hydroponics applications. At startup, the meter performs a self-check to ensure proper working condition.

This monitor from Hanna has a backlit LCD and displays instantaneous readings of both EC or TDS and temperature—even from a distance.

The instrument features a stability indicator that prompts the user when to take the reading. For manual recording purposes, readings can be frozen on the LCD display by pressing the HOLD button.

Calibration and temperature compensation are automatic, while the EC/TDS conversion factor and temperature coefficient factor (β ;) are user adjustable for application specific measurements.

Large liquid crystal display for easy reading

Housing completely sealed against vapors and humidity

Probe automatically compensates for temperature variation

Waterproof

Measure in °C or °F

HOLD function

Adjustable TDS ratio

Adjustable β ;

Stability indicator

Backlit display

12 VDC power supply

Includes conductivity probe, 1413 $\mu\text{S}/\text{cm}$ calibration solution sachet, 12 VDC adapter, and instructions

Manufacturer's Product Information

MSRP each \$114.95

Dimensions 5.7 x 2.3 x 8.1

Case Quantity 1

Price: \$76.51
