

GroChek replacement probe for HI9813

Model: hf-HI1285

GroChek replacement probe for HI9813

Manufacturer: Hanna Instruments

Hanna Instruments GroChek replacement probe for HI9813 (HI1285) Keep your GroChek HI9813 pH temperature meter running strong with a companion replacement probe. The probe features a fiber junction and gel electrolyte making it ideal for fertilizer solutions.

The meter this probe supports is a versatile, water resistant, multiparameter portable instrument specifically designed for agricultural applications such as hydroponics, greenhouses, farming, and nurseries. The meter features a large LCD that clearly displays the parameter being measured as well as calibration instructions. Calibration is fast and easy with knobs located on the front panel of the instrument.
