Manufacturer: Grotek

Grotek Pro-Silicate®;
PRO-SILICATE 1 LITER (6/CASE)

Pro-Silicate® is a nutritional silicate additive containing potassium and silicon. It helps keep the plants upright, positioning the leaves correctly for maximum light exposure that ultimately leads to more food production because of a high rate of photosynthesis. Pro-Silicate® helps the plant battle wilting and drought by acting as insulation against excess water loss at higher temperatures. This helps increase plant growth and prolongs bloom life.
