Grow More Mendocino Honey Gallon

Model: 721630

Grow More Mendocino Honey Gallon

Manufacturer: -

Grow More Mendocino Honey

Natural

organic honey plus Montmorillinite, a source of over 70 trace elements. A naturally sweet carbohydrate plus organic carbon to stimulate the growth of beneficial microbes and fungi in the root zone. When used in hydroponic system, supplies a valuable source of organic carbon & carbohydrates. Increase brix levels in the plant, higher brix levels means higher sugar content resulting in a sweeter taste and aroma. Recommended for plants grown in native soil, soil mixes or hydroponic.

Not registered for sale in the state of Oregon at this time.
