Happy Frog Jump Start Fertilizer, 18 lbs.

Model: hf-FX14075

Happy Frog Jump Start Fertilizer, 18 lbs.

Manufacturer: FoxFarm

FoxFarm Happy Frog Jump Start Fertilizer, 18 lbs. (FX14075) Enriching the soil first is the foundation of organic gardening. Happy Frog works in harmony with nature to gently provide nutrition over time as well as it encourages millions of beneficial soil microbes to flourish. These micro-organisms help convert the organic fertilizers into food that is immediately available to plants. Shrubs and flowers will have robust vitality, enhanced color, and become more disease resistant. Happy Frog enhances fruit and vegetable production creating higher yields, sweeter flavor and brings more nutrition to your table.

Garden Tip: Ideal for transplanting seedlings and repotting established container plantings. This gentle formula is high in phosphorus which encourages healthy root development. It also contains calcium which buffers acidic soils and boosts the plant's ability to fight off disease. For successful transplanting of young plants, hold gently to avoid crushing stems and damaging delicate roots. Once transplanted, make sure to keep the soil moist. Foliar feeding can be beneficial to seedlings to give them a jump start in becoming vigorous plants.
