Happy Frog Rose Food, 4 lbs.

Model: hf-FX14064

Happy Frog Rose Food, 4 lbs.

Manufacturer: FoxFarm

FoxFarm Happy Frog Rose Food, 4 lbs. (FX14064) Rose gardeners know that their prize-winning blooms deserve more than an all-purpose fertilizer. Rose Food includes linoleic acid, a compound found in alfalfa meal, which acts as a growth stimulant and helps produce higher yields.

Rose Food formula is pH-balanced with premium organic ingredients like alfalfa meal, bat guano, kelp meal, feather meal and humic acid, a naturally occurring organic material that is formed when organic matter decomposes. Humic acid helps with seed germination and may increase the uptake of important micronutrients. Best of all, FoxFarm adds 20 species of beneficial microbes to help convert fertilizers into vital plant food and fight off disease. Rose Food is granulated and easy to use, and it provides gentle, slow-release feedings all season long. All of FoxFarm's Happy Frog® organic fertilizers are specially formulated to replenish the soil, lift the human spirit, and beautify the Earth, naturally. Bring your plants to life!
