## Happy Frog Rose Food Fertilizer, 18 lbs.

Model: hf-FX14077

Happy Frog Rose Food Fertilizer, 18 lbs.

Manufacturer: FoxFarm

FoxFarm Happy Frog Rose Food Fertilizer, 18 lbs. (FX14077) Rose gardeners know that their prize-winning blooms deserve more than an all-purpose fertilizer. FoxFarm's Rose Food includes linoleic acid, a compound found in alfalfa meal, which acts as a growth stimulant and helps produce higher yields. Happy Frog® Rose Food is custom blended to deliver optimum nutrition for roses. The benefits of kelp meal and alfalfa meal enable roses to become horticultural beauties. This extraordinary fertilizer will create strong plants, increase the color intensity and produce prize-winning blooms.

Happy Frog® Rose Food is pH-balanced with premium organic ingredients like bat guano, kelp meal, bone meal, feather meal and other beneficial microbes to help convert fertilizers into vital plant food and enhance disease-resistance. Rose Food is granulated and easy to use, and it provides gentle, slow-release feedings all season long.

Garden tip: For new plantings, use 1/2 cup Rose Food for every plant, and mix two parts FoxFarm Original Planting Mix with one part native soil when you plant. On a monthly basis throughout the growing season, apply 1/2 cup for every foot of plant height. To give roses an extra boost, try FoxFarm's American Pride® time release fertilizer, which is formulated especially for roses.
