Happy Frog Soil Conditioner, 3 cu ft (77.2 dry qts)

Manufacturer: FoxFarm

FoxFarm Happy Frog Soil Conditioner, 3 cu ft (77.2 dry qts) (FX14048) We blend Happy Frog® by hand, in small batches, checking for quality every step of the way. In every bag, you'll find finely screened, pH-balanced forest humus, earthworm castings, and bat guano, and beneficial microbes that stimulate root development and help plants access nutrients in the soil. We also add humic acid to help increase the uptake of important micronutrients.

Rejuvenate roses and other shrubs by working in a three-inch layer of Happy Frog® Soil Conditioner around the base of the plant in spring and fall. Mix half soil conditioner and half native soil for garden plants to improve soil condition.
