High Power HID Controller, 8000W (120/240V) 50AX

Model: eco-5795

High Power HID Controller, 8000W (120/240V) 50AX

Manufacturer: HydroFarm

High Power HID Controller 8000W (120/240V) 50A

Control multiple lights from one time-clock or controller device. Power is wired directly into the four-outlet timer box, and all of the outlets are controlled by one 120V trigger cable. All are rated for 60 amps at 120/240 volts. You can plug the trigger cable into a standard 24-hour timer or environmental controller. All controllers feature premium quality industrial grade relay and durable powder coated steel chassis. Three year no hassle warranty. APCL8DX has eight 120/240 volt X style receptacles.

8.0L x 10.0W x 4.5H SKU: APCL8DX
