High Pressure Automatic Shutoff Valve with Back Flow Preventer

Model: hf-AARO806

High Pressure Automatic Shutoff Valve with Back Flow Preventer

Manufacturer: HydroFarm

Active Aqua High Pressure Automatic Shutoff Valve with Back Flow Preventer (AARO806) High Pressure Automatic Shutoff (ASO) Valve.

This High Pressure ASO is designed to shut off at 60% of line pressure and has built-in ports for Quick Connect 1/4" polyethylene tubing connections. This unit is tested and certified by the WQA Gold Seal program against NSF/ANSI 58 standards.

Eliminate ASO chatter

Will shut down RO unit in fraction of time vs. traditional ASO's

Sold as a kit, This product will only work when used in conjunction with a check valve (Included in kit)
