## HONEY HYDRO CARBS 2.5 Gallons 2/CS

Model: 723108

HONEY HYDRO CARBS 2.5 Gallons 2/CS

Manufacturer: Humboldt Nutrients

Humboldt Honey Hydro Carbs

Humboldt Honey Hydro Carbs is an excellent source of carbohydrates. It promotes and facilitates the growth of beneficial bacteria and fungi in your soil or soil-less media, and dramatically enhances the quality of any plant's fruit.

Hydro Carbs are the fuel of the microscopic world, supplying the energy needed to drive biochemical systems. It breaks down into the smallest possible sugars when dissolved in water, creating an easily accessible food for beneficial fungus, bacteria, and plants. This increases your plants brix levels (a measure of the sugar content). A sweet, good taste and aroma are to be expected by doing this.

Sizes:

Item #	Item	MSRP
723104	HONEY HYDRO CARBS QUART 12/CS	\$12.89
723106	HONEY HYDRO CARBS 1G 4/CS	\$43.29
