Hormex Rooting Powder #3, 1 lb

Model: hf-HCRP0103

Hormex Rooting Powder #3, 1 lb

Manufacturer: Hormex (Brooker Chemical)

Hormex Rooting Powders are not water soluble and therefore are superior for rooting in soil or other mediums (vermiculite, perlite, sand, etc.) Choose strength based on plant variety, time of year, propagating conditions and condition of cutting. Bottom heat will enhance rooting performance.

Hormex Rooting Powder #3: Arbor-vitae, Azalea Dauricum, Azalea Mollis, Blueberry, Daphne, Elder, Ivy, Pyracantha, Juniperus Chinensis Pfizeriana, Juniperus Sabina Fastigiata, Sequoia Gigantea, Rose.

Price: \$40.66
