Eye Hortilux Blue MH Lamp - 600 Watt

Hortilux Blue Metal Halide grow lamps provide world class spectrum that is unmatched in the lighting industry. Hortilux Blue is the closest match to natural sunlight of any light source available today. This lamp is for experienced growers who demand the highest quality plant production.

The exclusive Eye Hortilux Blue spectrum provides high quality, natural-looking plants during all phases of plant growth.

For best results, use on ANSI rated S106, HPS core & coil ballasts or Eye Hortilux electronic ballasts.

Can be used on most 600W electronic ballasts. Make sure to match the wattage of the lamp with the wattage of the ballast.

Can be used in an open or enclosed fixture

Operates in a horizontal $\pm 15^\circ$ burning position.

The only 600W Metal Halide on the market with a daylight spectrum
