HUMBOLDT® MAYAN MICROZYME GALLON (4/CASE)

Manufacturer: Humboldt Nutrients

HUMBOLDT® MAYAN MICROZYME GALLON (4/CASE) (723148) Humboldt Nutrients Mayan MicroZyme

Mayan MicroZyme is a 100% organic and ecologically safe bacterial-enzymatic complex with 24 species of soil microorganisms that increases fertility while providing vital nutrients to all types of plants and crops. Mayan MicroZyme mineralizes nutrients; produces nitrogen, natural antibiotics and plant growth hormones; regulates nitrogen; builds soil organic matter; suppresses soil and plant pathogens; and improves fertility, yields, and nutrient availability and uptake.
