

## HUMBOLDT VERDE 32oz 12/CS

Model: 723156

HUMBOLDT VERDE 32oz 12/CS

Manufacturer: Humboldt Nutrients

Humboldt Verde 16-1-2

It's Spanish for green. Lush, green colors and vigorous growth are what you can expect with Verde. Used as a foliar spray or a growth catalyst for hydroponic or soil crops, Verde keeps plants healthy throughout their life cycle. Verde is a well balanced growth catalyst with 16% nitrogen, 1% phosphorus, and 2% potassium, as well as calcium, iron, magnesium, and other minor elements and vitamins. This is the perfect blend for plants during periods of accelerated growth. Verde contains every element necessary for a true growth catalyst. Accessible nitrogen is the key to a plant having a strong and vibrant internal structure. This organically derived growth catalyst increases root, stem, and stalk structure, while boosting chlorophyll levels.

Sizes:

Item #	Item	MSRP
