Hydrofarm Watering Can 9L

Manufacturer: HydroFarm

Hydrofarm Hydrofarm Watering Can 9L (HGWATERCAN) Watering cans and gardeners go hand-in-hand, so make sure you're outfitted with the right stuff. Hydrofarm's watering can gives you a hefty canister for your water -- no running to refill every five seconds. The light green color won't take away from your bloom bursts, even if you store the can outside. Markings are etched right into the watering can, so you won't have to guess, leading to dangerous overwatering situations. You can even customize the water flow with the can's detachable rose.
