Increase Bloom 2 Liter Charged

Manufacturer: -

Increase Grow and Bloom - Charged

Increase Grow™ and Increase Bloom™ are revolutionary, complete, All-In-One Foliar Fertilizers that deliver professional grade CO2 directly to your plants leaf surfaces infused, CO2 charged and perfectly primed at 1800 PPM. Increase' highly concentrated liquid foliar technology, coupled with a direct charge of our isolated CO2 technology, allows your plants to uptake nutrients more rapidly. Our trade secret formulation causes plants to metabolize and create their own food at a significantly greater rate. With no synthetic additives, fillers or chelates, simply open a bottle of Increase Grow™ or Increase Bloom™, apply and let mother nature do the rest.
