Jump Start Windowsill Heat Mat and Tray Kit

Manufacturer: HydroFarm

Jump Start Jump Start Windowsill Heat Mat and Tray Kit (JS6120) You'll find everything you need to start a windowsill garden with the Jump Start Windowsill and Heat Mat and Tray Kit. It includes two 12 cell pellet greenhouses that allow you to take charge of your seed starts. Each mini greenhouse features 12 peat pellets and a Jump Start's vented dome to create the perfect environment for your plants.

The kit also comes with the Jump Start Windowsill Heat Mat. This mat fits perfectly underneath the two greenhouses, and is the perfect size for small growing spaces. The heat mat improves germination by warming the root area 10-20°F over ambient temperature. By warming the roots, you'll increase your growing success. The mat is 3" x 20".

If you have ever dreamed of growing a windowsill container garden, this kit will get you growing, whether you're an experienced gardener or just starting out.
