Kick Start Clone Solution Qt

Model: hf-GTKSCSQT

Kick Start Clone Solution Qt

Manufacturer: Grotek

Grotek Kick Start Clone Solution Qt (GTKSCSQT)

KickStart is a specially designed liquid nutrient that helps to promote strong root development during the early stages of plant growth.

KickStart is a low ratio feed that is mild enough for your plants to efficiently absorb, allowing for optimal new plant development. Use on new cuttings and recent transplants or before plants are mature enough to handle stronger nutrients. Can also be used effectively with Coco or peat pellets.
