Killer Tea Gal

Manufacturer: Humboldt County's Own

Emerald Triangle Killer Tea Gal (ETKTGAL) Made from the freshest and most potent seabird and bat guanos available, however it's the species of worm used for Emerald Triangle's PURE worm castings that make it the best there is. This product is clean with a very long shelf life, no horrible anaerobic stench. Killer Tea is suitable for all hydro, NFT, and aeroponic systems. Great for rooting cuttings, makes tea brewing obsolete
