KIND Grow, 1 gal

Manufacturer: Botanicare

KIND® represents the culmination of more than 15 years of knowledge and expertise, combined with extensive experimentation and testing. KIND provides optimal plant nutrition in perfect balance to meet your plants demands at any stage of growth, in any medium. KIND was formulated to be more versatile, easy to use, and effective than any nutrient ever created. This ground breaking nutrient system provides the ideal balance to meet the demands of the most experienced growers, and the aspiring hobbyist.

KIND GROW 2-2-4

KIND Grow provides powerful minerals enhanced with a proprietary blend of all natural ingredients to maximize root growth, and sustain a lush healthy canopy. The combination of KIND Base and Grow provides the ideal nitrogen to potassium ratios for fast flowering annuals. KIND Grow is designed for the vegetative period of the growth cycle, but can be combined with KIND Bloom formula to meet the precise demands of your plant in any media, at any stage. This level of control is ground breaking and encourages maximum growth for any plant, in any environment, no matter what Kind you grow.
