KoolBloom - Liquid. 1 Gallon

Manufacturer: General Hydroponics

KoolBloom Liquid - 1 Gallon Gardeners can give plants a boost during the final phases of fruiting and flowering with KoolBloom (0-10-10). A reformulation of the popular dry supplement, KoolBloom Liquid virtually eliminates the mess and hassle of mixing. Designed for use in the second half of reproductive development, this nutrient supplement increases the production of essential oils for heavier, more flavorful fruits and larger, more fragrant flowers.
