KRONUS SERIES REMOTE TEMP & HUM. SENSOR

Model: 310645

KRONUS SERIES REMOTE TEMP & HUM. SENSOR

Manufacturer: Titan Controls

Titan Controls® Temperature and Humidity Sensor

Remote sensor is specifically designed for the Kronus 1, 2 & 4 controllers.

Provides a digitally based signal that reacts quickly to changing temperature and humidity levels in your garden.

Plastic enclosure resists dust and moisture.

Integrated photocell allows the operator to monitor both day and night conditions.

Green LED indicates that sensor is functioning properly.

May be located up to 50 feet from the controller.

MSRP: \$99.95

Price: \$71.53
