Lady Bugs. 1500 per container (Ladybugs)

Manufacturer: -

Lady Bugs (1500). Use natural insect control whenever possible. All caught in the wild so they are not neutered, nor are they separated by their sex. That being said, some of the ladybug varieties are different but most of them are Hippodamia Convergens. Not Available in Hawaii. Note: Ground shipping for live items is not sufficient. Please select Next Day or 2nd Day to insure you get them alive. No returns accepted on live items.
