Fixtures, Movers, Ballasts, Sockets,

Reflectors & Components > Complete Grow Lighting Systems (MH,

HPS, CFL, LED, LEP, LEC &

Incandescent)

LumiGrow Pro 325 325W LED Light System, 88-264V (auto-switching) (Special Order)

Model: hf-LU60001

LumiGrow Pro 325 325W LED Light System, 88-264V (auto-switching) (Special Order)

Manufacturer: HydroFarm

LumiGrow Pro 325 Horticultural Light

The Pro 325 system is engineered for commercial greenhouses and controlled environment agriculture (CEA) environments. Like all LumiGrow solutions, the Pro 325 light eliminates waste inherent to HID lights by focusing photons in plants' primary response regions rather than in spectral regions plants can't use. All of the light produced by the Pro 325 system is productive for plants, yielding 70% energy savings versus the 1000W HID lights they replace.

Provides Maximum Light Density

Enhanced spectral output covering full PAR

More red and blue PAR per Watt than any other lighting fixture

Industry's most efficient LEDs

Small hardware footprint minimizes plant canopy shadowing

Puts Control at Your Fingertips

Individually adjustable 3-channel (red, blue and white) knobs for precise spectral control

White-only View mode

Compatible with automated control systems

Delivers Advanced Thermal Management

Runs 70% cooler than HID lighting

Massive heat sinks keep LEDs running cool

Operates safely without high voltage

Reduces Your Costs with Energy Efficiency

Pro 325 uses approximately 70% less energy than the equivalent 1000W HID light and Pro 650 uses 40% less energy

Eligible for energy utility rebates

Make the Environmentally Responsible Choice

RoHS compliant (mercury- and lead-free)

Long lasting, installs and operates simply

Smart Volt auto-switching and regulating power supply adjusts to appropriate voltage for international use

Installs just like HID lights and operates seamlessly alongside them

Built to Last

Grow Lights, Lighting Systems,

Fixtures, Movers, Ballasts, Sockets,

Reflectors & Components > Complete Grow Lighting Systems (MH,

HPS, CFL, LED, LEP, LEC &

LumiGrow Pro 325 325W LED Light System, 88-264V (auto-switching) (Special Order)

Lightweight yet strong powder-coated aluminum hardware
Proprietary constant-current LED controllers
5-year warranty
Customer Support from a US-based manufacturer

LumiGrow SmartPAR™ Software Compatible

Boost productivity even further when you operate the lights with SmartPAR, the industry's first greenhouse light management software. Ask your LumiGrow representative for details.
