Luxor - 8" Reflector

Model: 904700

Luxor - 8" Reflector

Manufacturer: Sun System / Sunlight Supply

Luxor - 8" Reflector

Vertical burning lamp configuration in a completely symmetrical reflector provides optimal light usage from the lamp.

Computer 3D modeled reflector and optic for superior performance.

New 98% reflective European aluminum interior for unmatched output.
Textured 95% reflective corners help create near perfect uniformity.

Specifically optimized to eliminate any hot spots from your growing area.

Innovative unrestricted airflow designed to cool inside and outside of reflector resulting in lower ambient room temperature.

Completely sealed reflective chamber, with double gasketed glass, ensures air tight performance & reduced maintenance.

Robust reflector design and materials provide superior strength and longevity.

New capture thumb screws & closure mechanism for ease of use and excellent sealing.

Patent pending: 61/572646.

MSRP: \$329.95

Price: \$190.35
