MicRO 75 GPD RO System

Model: hf-HL31026

MicRO 75 GPD RO System

Manufacturer: Hydro-Logic

Micro sized, portable reverse osmosis system. Entry level, economical solution. 75 gallons per day. Includes KDF/carbon pre-filter and 75 GPD membrane. Also comes with garden hose connector, 1/4" shut off valve, and pressure gauge. Features 2:1 drain to product water ratio for maximum efficiency.

- Replaceable carbon pre-filter (more earth friendly and affordable to change only the filter not the entire housing) • KDF85 media added into carbon pre-filter (for chloramines and heavy metal reduction)
- USA made high rejection RO membrane
- Metal bracket (so filter is stable on a flat surface or can be wall mounted)
- Integrated pressure gauge with safe zones
- ASOV (automatic shut off valve so drain line shuts down when product line is shut down)
- External flow restrictor for 2:1 drain to product water ratios

Price: \$85.80
