Mini Clipper

Model: hf-HGMC400

Mini Clipper

Manufacturer: HydroFarm

Hydrofarm Mini Clipper (HGMC400) Mini plants don't mean scrimping on tools. It may be your most fragile buds and blooms that need the most care, so protect them when cutting and clipping with the Hydrofarm Mini Clipper. Crafted especially to reach the thinnest stems and fronds, the Mini Clipper still offers enough room to get your fingers around and into so you can clip precisely. With the Mini Clipper, you'll enjoy an up-close-and-personal experience with your plants that larger cutters just can't offer.
