Mirage Air Conditioner, 18 SEER, 36,000 BTU

Model: hf-ACMA36

Mirage Air Conditioner, 18 SEER, 36,000 BTU

Manufacturer: -

The Mirage Magnum 18 SEER represents the state-of-the-art in split air conditioner systems. These units have proven themselves throughout Europe, Africa, Australia, Asia and the Middle East for many years, and now we're proud to offer them to you. They offer many features that make them exceedingly well-suited for horticultural climate control.

The Magnum 18's inverter technology ensures lower operation costs, longer compressor life, and more effective room cooling than A/C systems of comparable price and capacity. The speed of its unique inverter compressor (double that of a conventional compressor), provides a much faster transition to your desired room temperature. The Magnum 18 also features a special hydrophobic coating on the coils which prevents fungal and calcium buildup, as well as rifled copper coil lines which bring superior cooling efficiency.

Consider the additional features such as automatic speed, multiface coil technology for more efficient heat exchange, internal monitoring system, remote control, an efficiency rating of 18 SEER (Season Energy Efficiency Ratio), and up to 40% savings on electricity costs over legacy A/C systems of comparable BTU specs, and it's easy to see why Mirage quality is no illusion!

1 year warranty on parts/5 year compressor (void if not installed by HVAC professional)
220v

Includes 25' lineset

Cooling temperature range: 5°F to 115°F

Heating temperature range: -2°F to 75°F.

Price: \$2,348.47
