Mogul to Mogul Adaptor

Model: hf-CSMOGADP

Mogul to Mogul Adaptor

Manufacturer: HydroFarm

Hydrofarm Mogul to Mogul Adaptor (CSMOGADP) This mogul to mogul adaptor screws into the reflector's cordset and allows you to better position smaller bulbs. You want to have even, bright lighting for your plants, but a small bulb can get lost in a large reflector. A mogul adaptor gives you a helping hand, along with that essential uniform light.

Features

Mogul to mogul adaptor 400V or 600V

Used to center smaller wattage bulbs in pre-assembled A/C units

No tools required

UL-listed
